PROFILE SUMMARY

Enthusiastic about pursuing opportunities as a web developer, Acquired skills in Node.JS, ReactJS, Express.JS. Eager to leverage my knowledge of front-end and back-end technologies, along with my familiarity with the RDBMS System and REST API, to contribute to innovative project design and create user-friendly Interactive applications.

EXPERIENCE

EI-System, Intern

Remote

Full Stack Website Development

Mar 2024 - June 2024

- Experience in developing and maintaining project requirements using HTML, CSS, JavaScript and React.JS.
- Tested websites across multiple browsers to ensure compatibility and responsiveness.
- Managed back-end databases queries to retrieve data from tables.
- Integrated third-party APIs into existing web applications for better functionality.

PROJETS

Movie App

- Git - Link

ReactJS, TailwindCSS, The Movie DB API, Redux toolkit

Apr-2024— May-2024

- Developed a Movie App Created a dynamic and user-friendly movie application using React.
- Utilized Redux and Redux Toolkit for efficient state management, ensuring seamless data flow and consistency.
- Designed a modern and responsive user interface with Tailwind CSS.
- Integrated The Movie DB API to fetch and display related movies ensuring users have access to comprehensive movie information.
- Ensured the application is fully responsive UX and mobile-friendly.

SendChat App

- Git - Link

React+Vite, Tailwind CSS, NodeJS, ExpressJS, MongoDB, socket.io, Postman

Feb-2024— March-2024

- Developed a chat web application using React JS, Vite, and Node JS, enhancing the user interface designed with Tailwind CSS.
- Used Express JS to create 10+ robust and scalable APIs, facilitating efficient communication between the frontend and backend.
- Tested 20% of the backend functionality on Postman, covering 10+ RESTful API endpoints to ensure reliability and correctness of the API endpoints.

EDUCATION

Dr. D.Y.Patil University

Kolhapur, Maharashtra.

Master Of Computer Application - 74%

OCT 2021 – AUG 2023

Shivaji University

Kolhapur, Maharashtra.

Bachelor Of Science - 71%

JUL 2018 – MAY 2021

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript

Frameworks and Libraries: React.JS, Node.JS, Express.JS.

Databases MySQL, MongoDB

SOFT SKILL

Thoughtful, Collaboration, Adaptability, Flexibility

CERTIFICATION

- FrontEnd-Web Development
- BackEnd- Full Stack Web Development Node.JS
- React.JS
- Introduction to SQL
- Soft Skills Training Programme
